

## How to use ATA Carnet

This guide has been created with the aim of helping ATA Carnet holders to use the document correctly thereby minimizing the exposure to potential claims from the foreign Customs.

The Carnet transaction cycle usually consists of the following elements:

**Validation:** All ATA Carnets must be Validated by HMRC / BF before the first use (this will be done at the same time the Exportation Counterfoils and Vouchers are being endorsed).

**Exportation:** this refers to UK goods leaving / exiting from the UK

**Importation:** this is entry into a country of temporary admission (working visit).

**Re-exportation:** this is the departure or exit from the country of temporary admission

**Re-importation:** the return of goods to the UK

**Transit:** transits are rarely used, but may be required if your goods are moving through one Carnet country en-route to another (i.e. driving through EU on the way to a working visit to Switzerland counts as Transit. Note that Changing flights does not count as transit). Russia and Switzerland may request transits in case the goods are inspected away from the national border.

**Vouchers:** Are completed by the holder and detached/removed from the Carnet by Customs officials. Vouchers serve as a Customs declaration and must be signed by the Holder

**Counterfoils:** Are completed by Customs and serve as receipt audit trail for each declaration lodged

- Yellow Vouchers and Yellow Counterfoils are for HMRC / BF endorsement only
- White Vouchers and White counterfoils are for the foreign Customs / the country of temporary admission only
- **ALL** items Declared at the point of re-exportation From the **UK MUST** return within the validity of the Carnet
